

SUDHIR
BRASS PRODUCTS

About Us

Sudhir Brass Products is a renowned manufacturer of pressure gauge brass parts, boasting an impressive 45 years of experience in the industry. With such a long standing legacy, the company has firmly established itself as a trusted name in the market. Their commitment to quality and precision has earned them a solid reputation among their customers.

Having spent decades specializing in pressure gauge brass parts, Sudhir Brass Products possesses a wealth of knowledge and expertise in the field. Their extensive experience has allowed them to refine their manufacturing processes and deliver top-notch products consistently. With a deep understanding of the industry's intricacies, they are well-equipped to meet the diverse needs of their customers and provide tailored solutions.

Infrastructure

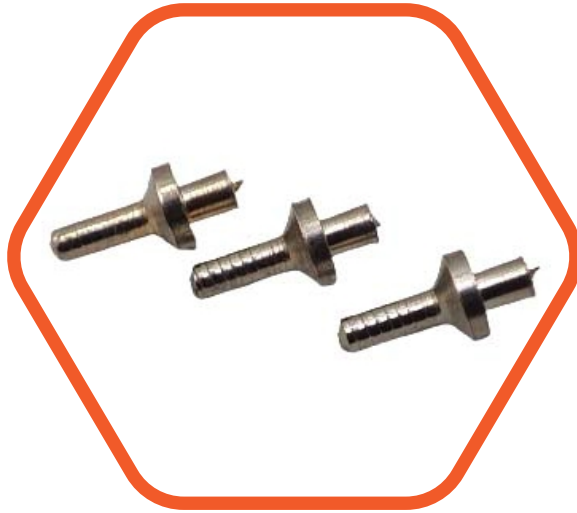

Sudhir Brass Products boasts a well-equipped infrastructure to support their manufacturing operations. Their workshop spans across a sprawling 4000 square feet area, providing ample space for various production processes. Within this space, they have installed more than 20 machines that are instrumental in manufacturing accurate and perfectly finished products.

One notable feature of Sudhir Brass Products' workshop is the presence of a temple dedicated to the Mighty God Hanumanji at the entrance. This temple serves as a source of positivity and inspiration for all employees, creating a harmonious and uplifting environment within the workshop.
